

Community For Rigor (C4R)

Quick Facts

- Founded Fall 2022.
- Based out of UPenn, satellite units at other schools.
- Present team of ~30 people.
- Award Summary:
 - “Creating an Educational Nexus for Training in Experimental Rigor” (CENTER) (UC2 NS128361-01): Konrad Kording, Ph.D., University of Pennsylvania, Philadelphia
 - “Materials to Enhance Training in Experimental Rigor” (METER):
 - Mind the Gap: Addressing "Missing Pieces" in Neuroscience Curricula to Reinforce Research Rigor (UE5 NS128294-01): Richard Born, M.D. and Taralyn Tan, Ph.D., Harvard Medical School, Boston
 - NeuR3o-LOGIC (UE5 NS128364-01): Gundula Bosch, Ph.D., Johns Hopkins University, Baltimore
 - Enhancing experimental rigor through education in evidence synthesis (UE5 NS128228-01): Michael Gionfriddo, Pharm.D., Ph.D. and Jordan Covvey, Pharm.D., Ph.D., Duquesne University, Pittsburgh
 - Developing Training Materials for Experimental Rigor in Neuroscience (UE5 NS128293-01): Mary Harrington, Ph.D., Smith College, Northampton, Massachusetts
